

Complaints about Nibor and notification of suspected breaches of the rules

It is important to ensure that Nibor reflects the best estimate of market interest rates and has credibility as a benchmark.

According to the Nibor rules shall questions about whether Nibor and Nibor submissions are correct or notifications of suspected breaches of the rules, including suspected manipulation of Nibor submissions, be put in writing to the administrator.

The administrator shall forward the complaint or notification to the Nibor compliance committee. All reports about complainant or notifier will be processed in confidence.

Written complaint or notification may be sent to Nibor-administrator:
